

brother (Mighty Oaks) (Bm - D - G - A)

Bm D
We had howl

Bm D
we had run around

Bm
In the summer in the nighttime

D
We made no sound

Bm D
And deep in the forest we get lost

Bm D
Whistle to the Birds as they call

Bm D
Go on Trips

Bm
Moving with weather as it shifts

Bm D
We took to the seas and let it drift

Bm D
How many islands could we hear?

G D
R I'd follow you

A G D
To the end of the world if only you would ask me to

Bm A
On and on we go, my brother

G D
I've got you

A
Nothing to stop us now

G D A
Because we found in life what's true

G D A
Oh my brother I'd follow you R

G D
Oh oh oh oh oh

Bm D
In my faded truck

Bm D
We shot across the country to find our luck

Bm D
And the youth inside would scream and shout

Bm D
Like a dagger in the heart we ripped it out

Bm
And we had laugh through the night

Call the star's

D
By the fire shining on

Through the night

We will run

Bm
To the rising life and on

Through the night

Burn the flames

D
The world will know our Names
