Verse:

             C                   Am
Loving can hurt, loving can hurt sometimes
          G                         F
But it's the only thing that I know
             C                      Am
When it gets hard, you know it can get hard sometimes
          G                               F
It is the only thing that makes us feel alive

Pre Chorus:

Am                      F
We keep this love in a photograph
C                    G
We made these memories for ourselves
          Am                    F
Where our eyes are never closing, hearts are never broken
C                       G
And time's forever frozen still

Chorus:

            C
So you can keep me
                      G
Inside the pocket of your ripped jeans
                        Am
Holding me closer 'til our eyes meet
                 F
You won't ever be alone, wait for me to come home

Verse:
             C                Am
Loving can heal, loving can mend your soul
              G                         F
And it's the only thing that I know, know
                       C                       Am
I swear it will get easier, remember that with every piece of you
             G                             F
And it's the only thing we take with us when we die
```

Pre Chorus:

```
Am                             F
We keep this love in this photograph
C                         G
We made these memories for ourselves
          Am                        F
Where our eyes are never closing, hearts are never broken
     C                 G
And time's forever frozen still
```

Chorus:
```
            C
So you can keep me
                           G
Inside the pocket of your ripped jeans
                         Am
Holding me closer 'til our eyes meet
                     F
You won't ever be alone
```

```
          C
And if you hurt me
                        G
That's okay baby, only words bleed
                          Am
Inside these pages you just hold me
                         F
And I won?t ever let you go
                        Am
Wait for me to come home
                        F
Wait for me to come home
                        C
Wait for me to come home
                      Gsus4
Wait for me to come home
```

```
         C
You can fit me
                               G
Inside the necklace you got when you were sixteen
                          Am
Next to your heartbeat where I should be
                      F
Keep it deep within your soul
           C
And if you hurt me
                        G
Well, that's okay baby, only words bleed
                         Am
Inside these pages you just hold me
                       F
And I won?t ever let you go
```

```
        C single chord
When I'm away, I will remember how you kissed me
Under the lamppost back on Sixth street
Hearing you whisper through the phone,
"Wait for me to come home."
```
