

Artist: Bing Cosby  
Song: White Christmas

1.       **A**    **D**                   **Bm**   **E**           **E7**  
I'm dreaming of a white Christmas,  
          **D**                   **Bm**   **E**           **A**  
Just like the ones I used to know.  
                          **A**                   **A7**  
Where the tree tops glisten,  
                  **D**                   **Dm**  
And Children listen,  
          **A**    **D**                   **F#m7**   **Bm**   **E**    **E7**  
To hear sleigh bells in the snow.

2.       **A**    **D**                   **Bm**   **E**           **E7**  
I'm dreaming of a white Christmas,  
          **D**                   **Bm**   **E**           **A**  
With every Christmas card I write.  
          **D**            **A**                   **A7**            **D**       **Dm**  
May your dreams be merry and bright,  
                          **A**   **F#m7**           **Bm**   **E**           **A**  
And may all your Christmases be white.

END
